

## Material Safety Data Sheet

Date Prepared 4-13-2008

**Product:** **BIOZIDE® GEL / BIOZIDE® PUFFER**

**Manufactured By:** Performance Products, Inc.  
321 North 22<sup>nd</sup> St.  
St. Louis, MO 63103  
Telephone (314) 421-0300  
Fax (314) 421-3332

**Ingredients:** Gel: Polyvinylpyrrolidone Iodine Complex, Complex Polyglycols, and water.  
Puffer: Polyvinylpyrrolidone Iodine Complex blended with high molecular weight polyethylene powder.

**Physical / Chemical Characteristics:**

Appearance: Gel: Deep brown color, consistency of jelly.  
Puffer: Brown powder.  
Odor: Slight iodine odor.  
Solubility in Water: Each product is completely soluble in water.  
Vapor Density: NA  
Melt Point: NA  
Specific Gravity: NA  
Boiling Point: NA

**Fire / Explosion Hazard:** NA  
Flash Point: NA  
Flammability: NO  
Extinguishing Media: Water / Dry Chemical  
Special Fire Fighting Procedures: None  
Unusual Fire / Explosion Hazards: None

**Reactivity Data:**

Stable / Non Reactive  
Incompatibility (Materials to avoid): Strong oxidizing agents or reducing agents.  
Hazardous Polymerization: Will not occur

**Health Hazards:** None known  
Health Hazards Routes of Entry: Puffer - Dust  
Carcinogenicity: No  
Signs / Symptoms of Exposure: Eyes: discomfort, mild burning sensation. Skin: mild irritation.  
Medical Conditions Aggravated By Exposure: None Known

**Emergency and First Aid:** Products are topical antibacterial agents for use on animals. No reports of toxicity received. Soap and water will remove. May cause irritation to eyes and skin with contact.

**Steps to be taken in Case of Release or Spill:** Sweep or scrape up dispose in approved Solid Waste Disposal site per current regulations.

**Handling and Storage:** Puffer – dust mask and safety goggles if desired. Puffer / Gel protect container against physical damage. Store product in a cool dry area inaccessible to children and pets. Avoid extreme heat.

**Work / Hygienic Practices:** Good Housekeeping.
